

**Two Bits has got some new programs for the 2008-2009 school year!!!**

The Hall of Fame is offering both After School Programs and new Trunk programs for your school to use. These programs address the TEKS and further use the horse as a vehicle to learn important concepts like measurement, anatomy, and creative writing.

**Boy, do we ever have some useful junk in our trunks!**

Artifiction Trunk

## **Trunk Programs**

We have 5 trunks which vary in topic and major focus:

- ~Racing-math focus
- ~Hall of Famers-creative writing focus
- ~Artifiction-creative writing focus
- ~Pioneer-social studies focus
- ~Western vs. English

Each trunk comes with a lesson plan, objects, and possible powrepoints. This is an eacy way to bring the American Quarter Horse into your classroom at your convenience.

## **After School Programs**

Our new after school programs are targeted for use either at your facility or ours:

- ~A Horse's Heart -science lesson
- ~ Shapes of the Horse-art lesson
- ~Tying on the Feed Bag-math and science lesson
- ~The Horse's Head-art lesson
- ~Artifact Fun-creative writing lesson

We even have some schools requesting them in conjunction with their field trip.

Tying on the Feed Bag

The Horse's Heart

The after school programs come complete with everything to do a project and are multi-grade appropriate. If you are interested in the after school programs or the trunks, please call Ande Ragsdale at 806-376-5181 to find out the cost for after school programs and more particulars about either of our new offerings.
