50-Year Breeders

AQHA honored 33 50-year breeders in October for their dedication to the breed. Watch for the January 2013 *Journal*, where we'll feature those breeders.

They're Fame-ous

Ten honorees – five men and five horses – will join the 144 people and 89 horses already in the American Quarter Horse Hall of Fame.

The inductees will be honored at the 2013 AQHA Convention in March in Houston. The men who will be honored are: Bill Brewer of Amarillo, Texas; Kenny Hart of Ruidoso Downs, New Mexico; AQHA Past President Frank Merrill of Purcell, Oklahoma; the late Guy Ray Rutland of Independence, Kansas; and Greg Whalen of Clements, California. The horses are: Fillinic, Freckles Playboy, Lady Bug's Moon, Miss Olene and Poco Tivio.

We'll feature the newest members of the Hall of Fame in the March 2013 issue of the *Journal*.

Next Year ...

February 28 - March 2

**2013 Pfizer Versatility World Championship Show
and AQHA Cowboy Mounted Shooting Championships
Houston**

Structure in Detail

"A horse with upright pasterns doesn't have the shock-absorbing mechanism to effectively dissipate concussion, and it affects the entire lower limb."

Dr. Jerry Black, veterinarian and director of undergraduate studies at Colorado State University's equine sciences program, in "Structure in Detail: Looking at the fetlock and pastern" on Page 56.
