

Exhibitors Ineligible for Level 2 at the 2016 Lucas Oil AQHA World Championship Show

AQHA exhibitors are leveled by points earned and any AQHA world or reserve world championships earned. Most of AQHA's alliance partners level their competition playing field on money earned by their exhibitors.

Some Level 2 exhibitors at the 2015 Lucas Oil AQHA World Championship Show were able to retain their Level 2 eligibility because they:

- 1) Only exhibited at enough AQHA shows to qualify, but never earned enough points to put them into Level 3; or
- 2) Showed horses that were qualified by someone else.

In both cases some individuals were, in their respective alliance organizations, at or near the top of their event by monies earned, yet remained eligible for Level 2 by the AQHA system.

To rectify this, the following criteria will be used to determine Level 2 eligibility of exhibitors at the 2016 Lucas Oil World:

- 1) Points earned in AQHA-approved classes (exhibitors placing in approximately the top 2 percent in horse-based leveled classes in the past three years will not be eligible as Level 2 competitors);
- 2) Exhibitors having earned a world or reserve world championship in the specific class in the last three years;
- 3) Alliance partner guidelines and monies earned by exhibitors and by class. (See specific exclusions by class below.)

These three criteria will be reviewed for leveling purposes, which will further even the playing field as intended and thereby protect the integrity of the Level 2 program, sponsored by Adequan® (polysulfated glycosaminoglycan) at the 2016 Lucas Oil World.

OPEN EXHIBITORS

In addition to AQHA Level 2 eligibility for the Adequan® Level 2 Championships, AQHA alliance partner earnings will also be considered.

Speed, rail and individually worked events: To show a qualified horse at the Adequan® Level 2 Championships, the open exhibitor cannot be listed on the ineligible exhibitors list.

Halter and cattle classes: To show a qualified horse at the Adequan® Level 2 Championships, the exhibitor must be Level 2 eligible and cannot be listed on the ineligible exhibitors list. (Level eligibility can be verified at services3.aqha.com/leveling.)

It is the responsibility of the exhibitor to provide accurate and up-to-date data to AQHA for purposes of eligibility verification.
