

**AQHA YOUNG HORSE
DEVELOPMENT PROGRAM**

2017 Record Book

December, 2016

Welcome!

Congratulations on your commitment to participating in the 2017 Young Horse Development Program. The Young Horse Development (YHD) Program is an educational horsemanship program challenging AQHA youth to further their horsemanship knowledge, skills and abilities, and providing the opportunity to earn prizes. Conceptualized as a way to provide youth with quality weanlings from AQHA Ranching Heritage Breeders, the program continues to be greatly supported by weanling donations.

Throughout the nine-month program, you will be required to complete a number of units, including: train your horse; study, track, and be evaluated on a variety of horsemanship-related topics; submit reports, photos and videos; attend events; have a mentoring session with a Professional Horseman.

The ongoing effort you put into this program will determine the ways you and your horse benefit from it, so you're encouraged to plan ahead, regularly invest your time, fulfill all your requirements, and make the most of this unique experience. We look forward to working with you.

Sincerely,

Katie Reynolds
Director of Youth Development & AQHYA

1. THANK YOU NOTE TO RANCHING HERITAGE BREEDER #1

DUE DATE FEBRUARY 5th

In 2010, Jim Hunt, the chairman of the AQHA Ranching Committee, and his wife Joni were discussing the challenges young people have of purchasing a quality ranch-bred horse and young families have of entering a relatively expensive industry. Jim and Joni recognized the need for our equestrian world to reach out to folks who have an interest in our industry by doing something very special to help them become lifelong Quarter Horse lovers.

Jim and Joni decided to give away at least six quality weanlings a year to young teenagers who were passionately interested and capable of caring for, starting and eventually showing those horses in AQHA, 4-H and other competitions. To date, the Hunts have given away more than 40 colts since they started. And they're not the only ones- the Hunts started a movement among their fellow Ranching Heritage Breeders. In 2016, more than 55 horses were donated by breeders across the nation.

Ranching Heritage Breeders believe in youth members like you.

As Jim Hunt said, "It's not important how many of these colts we have given away. It didn't cost us anything to do this. We give away quality colts, not the bottom end, and it doesn't cost us anything. The reward we receive is watching how these colts impact the lives of young people, and that's way more valuable than the price these colts would bring at auction."

These breeders believe working with this horse- the one they bred- can change your life. They want to give you the opportunity to exercise commitment, patience, work ethic and responsibility. They want you to further your education and gain knowledge.

It's time to say thank you to the breeder who provided you with an exceptional weanling. Whether it was donated or sold to you, your new horse comes from years of breeding and found its way to you because of a commitment to the future of the American Quarter Horse.

- **Write a handwritten thank you note to your weanling's breeder. Put the note in an unsealed, stamped envelope addressed to the breeder. Enclose that in an outer envelope and mail it to:**

5. GROWTH CHART

DUE DATE SEPTEMBER 30

Measure your horse each month and track his growth below.

Taking Measurements

Body Length measurement is taken from the point of the shoulder to the point of the buttocks.

Heart Girth measurement is taken around the midsection, immediately behind the elbow and withers.

Estimate weight using this formula: $(\text{Body Length} \times \text{Heart Girth} \times \text{Heart Girth}) / 280 = \text{Weight}$ in pounds.

Height measurement is taken by standing the horse squarely on all four feet with the front feet even with each other, back feet even with each other, and the horse standing naturally and squarely underneath itself. Measure from the top of the withers, down the front leg, straight to the ground.

Next, divide the total inches by 4 to calculate the number of hands. Note: A fraction of a hand is noted as the inches after the number of hands. For example, 16.1 refers to a horse that measures 16 hands plus 1 inch, or 65 inches.

9. NUTRITION TEST

DUE DATE TO BE ANNOUNCED

A vital part of managing any horse is appropriately meeting their nutritional needs. Needs may vary greatly based on the individual's life stage, exercise regimen, health, and other factors. As part of the YHD Program, you will be tested on your knowledge and understanding of nutrition and its effect on your weanling.

The test will be provided to you following the nutrition webinar (the date for the nutrition webinar will be announced via email shortly after the program begins), along with a list of reference sources. The test must be received in the AQHA Youth Office on or before the date provided to you.

10. VIDEO OF IN-HAND TRAIL COURSE

DUE DATE SEPTEMBER 30

You will be provided with a trail pattern to perform with your horse. To successfully complete the obstacles, you'll need to work with your horse over a period of time, and teach him/her the individual elements of the course. As with any trail course, your horse's performance will be judged on the performance of the horse over obstacles, with emphasis on manners, response to the handler, and accuracy. Horses will receive credit for attentiveness to the obstacles, and should work through the course in a relaxed, obedient manner with safety and responsiveness being paramount at all times.

The trail obstacles you use should accurately represent the pattern as shown. They may include commonly found trail items such as poles, a gate, a bridge, and cones. Practicing with these obstacles over a period of time will be important to your horse's success when performing the course on video. If you do not have access to the proper obstacles, you are encouraged to make arrangements to borrow them. If you have questions, please contact youth@aqha.org.

The video can be from a smartphone or other video recorder. The pattern should be recorded in one continuous take, and should not be edited together from multiple clips.

The video should be uploaded to YouTube and the link to the video emailed to youth@aqha.org. The subject line of the email should be YHD Video- [Participant Name].

11. ASSIGNMENTS

DUE DATE WILL VARY

AQHA will request your participation in two to four additional assignments throughout the program. These will be shared with you by email, along with a clear explanation of requirements, possible points per assignment, and a due date.

This is our chance to capture opportunities to enrich your experience throughout the year. Assignments may be selected in response to the strengths and weaknesses seen as the program progresses.

12. WILDCARD POINTS

DUE DATE SEPTEMBER 30

Wildcard points are your chance to take the reins on something additional you'd like to share with us. This can take many forms, and we look forward to seeing what you submit. Have fun with this, and know that creativity and effort will be rewarded!

Wildcard ideas include, but are not limited, to:

- A video of your horse performing a skill or trick not otherwise demonstrated in the program. Include a brief talk explaining how you taught the horse the skill or trick.

Videos should be uploaded to YouTube and the link emailed to youth@aqha.org. All other Wildcard materials should be emailed directly to youth@aqha.org. The subject line of all emails for this unit should be "YHD Wildcard- [Participant Name]."
