

## Adequan<sup>®</sup> Level 2 Ineligible Exhibitors

The methodology of eliminating the HIGHEST PERFORMING EXHIBITORS from Level 2 by using the "average plus 3 standard deviations" means that based upon the total exhibitors and total points earned over the preceding 3 show years in this class in the open division, a threshold point break is determined.

Individual exhibitors who "deviate" from the "average" exhibitor are ineligible for Level 2.

Point range period: November 1, 2016 - October 31, 2019

Typically, this methodology eliminates the top 1-2% of the HIGHEST PERFORMING EXHIBITORS from Level 2.

This methodology was approved by the Blue Ribbon Task Force.
