Records in red are not L2 eligible

Points earned in AQHA-approved classes (exhibitors placing in approximately the top 2 percent in horse-based leveled classes will not be eligible as Level 2 competitors) For the 2019 Lucas Oil World, the time period ranges from November 1, 2014 to October 31, 2017, which also coincides with the Leveling program data that determines point ranges for the Leveled class.

The methodology of eliminating the HIGHEST PERFORMING EXHIBITORS from L2 by using "average plus 3 standard deviations means that based upon the total exhibitors, total points earned over the preceding three show years and how an individual exhibitor "deviates" from the "average" exhibitor, a threshold point break is determined.

Typically this methodology eliminates the top 1-2% of the HIGHEST PERFORMING EXHIBITORS from L2.

This methodology was approved by the Blue Ribbon Task Force.
