HORSE'S NAME

AQHA REGISTRATION NUMBER

AQHA is pleased to offer AQHA members the opportunity to have color testing on their horse. The basic coat colors are chestnut/sorrel, bay, brown and black. These colors are controlled by interaction between the genes, and they can be diluted by other genes.

Most of the time, color can be decided based on its physical appearance. However, sometimes genetic testing is necessary to make the right decision. Some owners breed for specific colors, and knowing the genetic results may help make the breeding decisions.

Kits are normally received from AQHA within 7-10 business dates. You can order a kit by calling customer service at (806) 376-4811 if you wish to pay with a Visa, MasterCard or American Express, or you can mail this completed form to AQHA. The fees listed below are for current AQHA members. If you are not a current member, you can join now to receive the member fee.

Please provide the name and address for the kit to be mailed:
