Clicking on Account Profile in Member Services or the icon in the upper right hand corner will bring up the User Account box.

If you have not yet created a username and password, click on the Create An Account button.

User Sign Up

Create a user account so that you can log in and transact business on AQHA.com. You do not need an AQHA membership to create an account, but if you are a current member, you can enter your AQHA ID and PIN below to link your membership to your new account. If you aren't a current member, you will need to set up this account in order to purchase your membership.

When you create your aqha.com user account, it will be separate from your current AQHA Customer ID and PIN. Once your new username and password are set, you are ready to add your AQHA Customer ID and PIN by linking your membership(s) to your new account. (See the [video tutorial here](#).)

The email address that you use for your AQHA.com account is not required to match what you've previously listed on your AQHA membership.
